National Conference on New Horizons in
Green Chemistry and Toxicology

Department of Chemistry

Date: 2nd April, 2019

1. Introduction of theme of Conference
& Chief Guest : **Dr. S.D. Jadhav**

2. Felicitation of Chief Guest : **Hon. Prin. Dr. V. S. Sawant**

3. Chief Guest talk : **Prof. Dr. Sheshnath Bhosale**
University of Goa,
Dept. of Chemistry

4. Vote of thanks : **Dr. N.D. Nikam**

Estd: 1968

Letter of Invitation

Dr. Sheshnath Bhosale

Professor,

Department of Chemistry,

University of Goa.

Dear Sir,

It gives us pleasure to communicate you that Department of Chemistry organize National conference on 'New Horizons in Green Chemistry & Toxicology' on **25th March 2019**. We invite you as a **Resource Person** for this conference.

Your expertise in the said topic and scholarly talk will be definitely beneficial for our students. You are expected to reach our college by **10.00 a.m.** on **25th March 2019**.

Thank you.

Principal

National Conference on New Horizons in
Green Chemistry and Toxicology
Department of Chemistry

Date: 02/04/2019

One day National Conference was organized on 2nd April, 2019 on “**New Horizons in Green Chemistry and Toxicology**” by Department of Chemistry. The theme of the Conference is to make awareness about use of renewable raw materials, elimination of waste avoiding hazardous and toxic reagents and solvents in the manufacture and application of chemical products.

In this context, the overall many parameters have been covered by eminent scientist **Prof. Dr. Sheshnath Bhosale**, Department of Chemistry, University of Goa.

The introduction of the Chief Guest was made by Dr. S. D. Jadhav by brief scenario of the Peer reviewed research journals with impact factors more than 25. Later on the Hon. Chief guest Dr. Sheshnath Bhosale delivered a talk on recent advancements in Green Chemistry and Toxicology. In his talk he highlighted that, it is better to prevent waste than to treat or clean up waste after it is formed and Synthetic methods should be designed to maximize the incorporation of all materials used in the process into the final product. He also asserted that, wherever practicable, synthetic methodologies should be designed to use and generate substances that possess little or no toxicity to human health and the environment & the use of auxiliary substances (*e.g.* solvents, separation agents, *etc.*) should be made unnecessary wherever possible economically practicable. A great care should be taken to handle many hazardous Organic, Inorganic & Agrochemicals.

He also emphasized on the use of chemical dyes as a sensor in many agricultural fields so that; costly use of Analytical instruments can be avoided. The chairperson Hon. **Prin. Dr. V. S. Sawant** sir expressed his thoughts on the theme of conference. He appealed to all students about recent innovations in many applied fields of related to Chemistry as well as Agricultural fields.

Dr. N. D. Nikam expressed vote of thanks and function completed at 4:00 p.m.

Felicitation of Prof. Dr. Sheshnath Bhosale by Hon. Prin. V.S. Sawant sir

Inauguration of Conference theme and Research papers by dignitaries

Letter of Appreciation

Dr. Sheshnath Bhosale

Assistant. Professor,

Department of Chemistry,

University of Goa

Dear Sir,

It's a matter of great pleasure to put on record our sincere thanks towards you for being **Resource Person** in National conference on **25th March 2019** by '**New Horizons in Green Chemistry & Toxicology**' department of Chemistry in our college. Definitely the students are blessed with your scholarly talk. We expect same rapport and cooperation in the future also.

Thank you.
