

**MEMORANDUM OF UNDERSTANDING
(MoU)**

FOR

**PROVIDING EXPERTISE, LABORATORY TRAINING AND
COLLABORATIVE ACTIVITIES FOR STUDENTS,
RESEARCHERS AND FACULTY MEMBERS**

BETWEEN

D. P. Bhosale College, Koregaon, Dist. Satara

AND

Seema Bio-tech, Talsande Kolhapur

1. Preamble:

Secma Bio-tech was established in Talsande, Dist.Kolhapur.it is having a renowned name of market & expert tissue culture manufacturer & supplier & customer friendly pvt.ltd company are identifying factors. They are suppliers of seedlings of tissue cultured Teak, Bamboo & banana plant and many other varieties of plants. It is also a famous name in market place their nursery has been awarded with NCS-TCP certificate (Certificate of Recognition) by department of biotechnology (DBT),Govt. of India.

D. P. Bhosale College, Koregaon Dist. Satara imparting education and trains students through B.Voc. (SustainableAgriculture). It also actively participates in skill based imparting education to students to deal through various agricultural laboratory procedures & skills.it is UGC sponcerd 3 year B.Voc. (Sustainable Agriculture) degree course. About 50 students have been enrolled in 2018 for first year. Assesment of students carried out by ASCI Hariyana. This course offers different practical skills like Horticulture, agriculture, Entomology, Pathology & food processing in order to develop their academic skills. Handson training programme are organized from time to time throughout the year. Our faculty members are actively involved in lectures by considering there entrepreneurship & agricultural skills our college intended to sign MoU with reputed Seema Bio-Tech Pvt.Ltd.

2. Terms of Agreement:

Both the beneficiary parties viz. **D. P. Bhosale College, Koregaon** and **Seema Bio-tech Talsande Kolhapur** agree to share learning resources and faculty as well as provide support and collaboration in the following areas for the benefit and betterment of the stakeholders of both the parties. We have decided to do the following activities jointly for the benefit of the students, farmers, researchers & faculty members.

i) To support in organization of National level conferences and seminars

in department of B. Voc. (Sustainable Agriculture).

- ii) Laboratory visit & Hands on training programme depending upon availability of time slot in tissue culture laboratory.
- iii) Guest lecture of expert person to guide students.
- iv) Tissue culture laboratory, Water & soil testing. Bio fertilizer, Gene mapping, Virus testing & Genetic Fidelity testing, Organic Farms. Hardening poly-house Trainings for the students.
- v) To support new initiatives for food process technologies.

The above MoU will be executed in order to exchange knowledge and information. The MoU will become effective from the date of agreement after confirmation and will be revised after every three years. This MoU will terminate on the date as mutually agreement between two parties.

Funding:

This MoU is not a commitment of funds by one partner organization to the other partner organization's activities.

3. Duration:

This MoU valid form Aug 2018 to Aug 2020 and will be revised after two years.

Visit to Seema Biotech, Talsande, Kolhapur

In the academic year 2018-2019, Department of Zoology has organized a short educational trip for the B.Sc. I & II students of the college. On 5th January 2019, students of Department of Zoology visited tissue culture lab, soil and water analysis lab, research and development unit & sweet corn processing unit of Seema Biotech, Talsande, Kolhapur. This activity was organized to explore, encourage and imbibe the research attitude and culture in the students. It also helped students to think and work creatively and promoted scientific awareness.

The aim of this visit was to understand tissue culture technique and to inculcate research attitude in students. We left Koregaon in group by S.T. bus in the morning at 7.30 am and reached at 11.30am. After reaching to Seema Biotech, students visited tissue culture labs and understood the techniques of tissue culture. During this lab visit Mr. Patil provided lots of information about gene sequencing and tissue culture. Then students were visited to plant garden, seen varieties of medicinal Indore and outdoor plant varieties. This knowledge was really helpful to the students for further applications in molecular biology. 17 students and 2 staff visited the tissue culture labs and motivated to work in Molecular Biology.
