Department of Zoology

“Celebration of World Wildlife Week”

In the academic year 2022-2023, Department of Zoology has celebrated World Wildlife Week for the all students of the college. On 6th October 2022, Department of Zoology organized A guest lecture based on **Wildlife in India**. In all over the world, the first week of October is celebrated as World Wildlife Week. The purpose of this week is to promote the protection of wildlife, this is done to make people aware of the importance of wildlife, encouraging them to preserve wildlife.

India is a biological hotspot, which means, it is home to a large variety of animal and plant species. India's flora and fauna are highly diversified and constitute more than 7 percent of the world's biodiversity. This highly biologically diversified country requires proper education and awareness to preserve this rich cover. Hence, the wildlife week was conceptualized. This week is commemorated to increase the awareness among the common mass regarding the role of wildlife in maintaining nature's equilibrium. Any damage done to wildlife over a prolonged period of time endangers the entire ecosystem. So it is critical to protect it systematically, and through heart and soul.

Program was started with welcome of guest and theme of lecture was introduced by Dr. Mrs. S.P. Nalawade. Felicitation of guests were carried by Dr. Mrs. S.P. Nalawade. Then the guest lecture was delivered by Dr. Amit Sayyed, Research Scientist, Wildlife Protection & Research Society, India. Dr. Amit Sayyed guided students about Need of Conservation. He thrown a light on threats of biodiversity. 57 students took the advantage of this lecture and participated enthusiastically. Miss N. A. Shaikh expressed the vote of thanks to everyone. The committee is thankful to all the members who have directly or indirectly contributed to this work and made this event successful.

S.P. Nalawade
