Online quiz on

Endangered Species and International Day  
for Biological Diversity

Department of Botany &  
Department of Forests, Koregaon

22<sup>nd</sup> May 2022

Civilization is built upon the pillars of Biodiversity but its loss will threaten all including human survival. It is the need of today to protect natural resources to save our future. UNEP declares the International day for Biodiversity on 22 May of every year. Now the importance of conservation is globally accepted as biodiversity has solutions for challenges of sustainable development.

Biodiversity is essential to increase the resilience of communities and reduce their vulnerability in the face of shocks such as climate change and natural disasters. Biodiversity loss destabilizes ecosystems that can regulate the climate and mitigation of floods. This leads to weakening of community resilience, and their ability to adapt and protect the health and safety.

Biodiversity loss can increase the incidence and distribution of certain infectious diseases which are lethal for children. Diseases that spread from animals to humans are a serious threat: studies show that 75 per cent of all emerging diseases come from wildlife, including COVID-19. Deforestation drives wild animals out of their natural habitats and closer to humans and is linked to 31 per cent of outbreaks such as Ebola, and the Zika and Nipah viruses. And climate change has altered and accelerated the transmission patterns of infectious diseases while contributing to human displacement.

An endangered species is a type of organism that is threatened by extinction. Species become endangered for two main reasons: loss of habitat and loss of genetic variation. The Mountains of the Western Ghats are the second most important shelter in the world for threatened species. The current paper is an attempt to study the conservation assessment of rare, endangered and threatened species (RET) of the southern Western Ghats. A species is endangered when it is

threatened with extinction. Since time began, countless species have gone extinct from natural processes.

The Department of Botany, D. P. Bhosale College, Koregaon in collaboration with Forest Department, Koregaon organized online quiz on the occasion of Endangered Species Day (20<sup>th</sup> May) & International Day for Biological Diversity (22<sup>nd</sup> May). The attempt through this quiz is to make aware society especially students about the values of biodiversity and the importance of endangered species in the ecosystem.

# Quiz on Endangered Species Day & International Day for Biological Diversity

Rayat Shikshan Sanstha's

D. P. Bhosale College, Koregaon

Department of Botany

Organizes quiz on the occasion of Endangered Species Day (20th May 2022) & International Day for Biological Diversity (22nd May 2022)

Civilization is built upon the pillars of Biodiversity but its loss will threaten all including human survival. It is the need of today to protect natural resources to save our future. UNEP declares the International day for Biodiversity on 22 May of every year. Now the importance of conservation is globally accepted as biodiversity has solutions for for challenges of sustainable development.

\* Required

1. Email \*

---

2. Name

---

3. Name of the College/ Institute

---

4. Whatsapp Number

---

5. A species is endangered according to IUCN when it meets following criteria 2 points

*Mark only one oval.*

- 50-70 % decline in population for 3 generations
- Current population fewer than 250 adults
- Total geographical area less than 5000 sq. km.
- All of the above

6. Rhinos are poached for 2 points

*Mark only one oval.*

- Skin
- Horn
- Nails
- Hairs

7. Identify the endangered animal with these characters Mountain goat endemic to Nilgiri Hills; State animal of Tamil Nadu 2 points

*Mark only one oval.*

- Golden Langur
- Nilgiri Tahr
- Largest Asian Antelope
- Brown Palm Civet

8. Endangered Species Act was enforced in

2 points

*Mark only one oval.*

1992

1975

1973

2002

9. Protection of Single Horned Rhinoceros improves its status from endangered to vulnerable. The attempt of conservation is done at 2 points

*Mark only one oval.*

Dudhwa National Park

Kaziranga National Park

Bandipur Reserve

Tadoba Wildlife Sanctuary

10. \_\_\_\_\_ is region of immense global importance recognized internationally as hottest hotspot 2 points

*Mark only one oval.*

Sundaland

Western ghats

Japan

Cerrado

11. Theme of International Day for Biological Diversity 2022 is

2 points

*Mark only one oval.*

- Building a shared future for all life
- Our solutions are in nature
- Diversity for all
- Equitable benefit sharing

12. The name of the critically endangered species is

2 points

*Mark only one oval.*

- Abutilon ramosum
- Abutilon ranadei
- Abutilon indicum
- Abutilon persicum

13. Who is Tuber Man of Kerala ?

2 points

*Mark only one oval.*

- Shaji N M
- Rahibai Popere
- Vandana Shiva
- Medha Patkar

14. A book "Hotspot revisited" was written by

2 points

*Mark only one oval.*

- Walter Rosen
- Russell Mittermeier
- Odum
- Tansley

15. Identify threatened endemic species

2 points

Mark only one oval.

- Physcomitrella patens
- Trithuria konkanensis
- Polytrichum juniperinum
- Sphagnum magellanicum

16. Which threatened grass is named in the honor of eminent taxonomist Dr. S. R. Yadav? 2 points

Mark only one oval.

- Vigna shrirangii
- Canscora shrirangianum
- Eulalia shrirangii
- Vigna yadavii

17. The Strategic Plan for Biodiversity 2011-2020 and the Aichi Biodiversity Targets were taken up in following CoP meeting 2 points

*Mark only one oval.*

- Kyoto Protocol
- Nairobi CoP
- Nagoya CoP
- Hyderabad CoP

18. Millennium Ecosystem Assessment Report 2005 defines ecosystem services as benefits people obtain from ecosystem and distinguishes 2 points

*Mark only one oval.*

- 4 categories of ecosystem services
- 5 categories of ecosystem services
- 8 categories of ecosystem services
- 10 categories of ecosystem services

19. International trade in endangered species is controlled by 2 points

*Mark only one oval.*

- WWF
- UNEP
- CITES
- UNFCCC

20. Identify the endangered plant from Maharashtra State

2 points

Mark only one oval.

- Caralluma fimbriata
- Frerea indica
- Tylophora indica
- Daemia extensa

21. Religious importance to a particular culture or community is observed in which of the following conservation strategy?

2 points

Mark only one oval.

- Sacred groves
- Conservation reserves
- Botanical garden
- National park

22. How many biodiversity hotspots are identified all over world?

2 points

Mark only one oval.

- 10
- 34
- 36
- 8

23. Which one of the following is not a cause for biodiversity loss?

2 points

Mark only one oval.

- Destruction of habitat
- Keeping animals in zoos
- Invasive weeds
- Over exploitation of natural resources

24. This animal species is protected at

2 points

Mark only one oval.

- Bandipur National Park
- Gir National Park
- Jim Corbett National Park
- Dajipur Wildlife Sanctuary
