LETTER OF APPRECIATION

Dear Sir,

On behalf of D. P. Bhosale College, Koregaon, Department of Botany would like to extend our cordial gratitude to you for addressing our students on "Wild Edible Plants of Tadoba Used by Tribals" on October 3rd, 2022. The students gained valuable insights and knowledge about the topic and the information you shared was very enlightening for our students. We hope it was a positive experience for you as well.

Thank you for associating with us. We look forward to a long and fruitful association with you.

Warm regards,

Principal
D.P. Bhosale College, Koregaon
Dist. Satara.

**One-day Webinar Under Lead College on the occasion of
"National Wildlife Week" (2nd – 8th October, 2022) on**

"Wild Edible Plants of Tadoba Used by Tribals"

REPORT

The celebration of **68th National Wildlife Week** is observed all over India from **2nd to 8th October, 2022**. This week is celebrated because wildlife plays a crucial role in maintaining the ecological balance of nature. Any harm to it can pose threat to entire ecosystem. Thus, it becomes important to preserve flora and fauna. The Indian Board of Wildlife established Wildlife Week in 1952 to increase awareness about the long-term aims of wildlife protection throughout India. Wildlife Week was started with objectives of –

- Awareness of the protection and conservation of wildlife.
- To make the people aware of the importance of wildlife conservation.
- Set up additional services to protect wildlife.
- Discuss all issues related to the protection and conservation of wildlife.

The Government of India has created an Indian Wildlife Council that is committed to raising awareness of the conservation of wildlife. It organizes numerous activities during this week through the environmentalists, activists, educators who encourage and make people aware of the wildlife conservation. Conferences, awareness programmes, public meetings, etc. are held for this awareness programme. In educational institutes students are made aware about this importance of wildlife by organizing awareness programmes which include wildlife related movie screening, essay writing, painting competition, debate competitions, etc. **National Wildlife Week 2022** has a unique theme of "**Recovering Species for Ecosystem Restoration**" with an aim to show that humans and the flora-fauna can co-exist with positive benefits to both.

The Department of Botany, D. P. Bhosale College, Koregaon organized a **One-Day Webinar under Lead College Activity** on the occasion of National Wildlife Week (2nd – 8th October, 2022). **Dr. V. N. Patil**, Assistant Professor, Department of Botany, Dr. R. G. Bhoyar Arts, Commerce and Science College, (Vidyabharti College), Seloo, District

Wardha delivered a talk on “**Wild Edible Plants of Tadoba Used by Tribals**” on **Monday, 3rd October, 2022** in the Botany Department. Dr. S. M Deshpande, Head, Department of Botany welcomed all the dignitaries and participants who joined online, Dr. S. B. Zimare introduced the resource person, and the programme was compered by Dr. R. B. Patil and Dr. P. P. Kamble. After the talk and the question-answer session, Dr. S. D. Jadhav, Vice-Principal, D. P. Bhosale College addressed the webinar and appreciated the event. Lastly, Dr. P. S. Kakade (Organizing Secretary) delivered vote of thanks to honourable Speaker, and all the dignitaries and participants.

A total of 66 participants joined the webinar and 23 students joined in the Botany Department laboratory. Online feedback form was uploaded for the participants and the feedback of this activity was procured.
