## Report

National Hummingbird Day is an occasion to celebrate and raise awareness about these fascinating avian creatures known for their vibrant plumage and remarkable agility in flight. In commemoration of this day, the Department of Zoology at D.P. Bhosale College in Koregaon organized a special awareness program on 2<sup>nd</sup> September 2023. The program was inaugurated by Mrs. A.S. Salunkhe, Vice Principal, D. P. Bhosale College, Koregaon and she appreciated the event conducted by Zoology department for creating awareness to protect the environment. The highlight of the program was a documentary film showcasing the remarkable lives of hummingbirds.

### **Felicitation of Vice Principal Mrs. A.S. Salunkhe by Dr. Mrs. S.P. Nalawade**

The centrepiece of the program was the screening of a captivating documentary film dedicated to hummingbirds. The documentary took the audience on a mesmerizing journey into the world of these tiny, iridescent birds. It provided an in-

depth look at their intricate behaviours, including their remarkable hovering flight, their vital role in pollination, and their diverse range of species and habitats.

The film was a visual feast, showcasing stunning footage of hummingbirds in their natural habitats, which left the students and faculty members in awe. It not only educated the attendees but also instilled a deep appreciation for the beauty and significance of these birds in the natural world.

### **Introduction of Documentary film by Mrs. N.A. Shaikh**

The program saw active participation from the faculty members of the Department of Zoology, who shared their expertise and insights during discussions following the documentary screening. Their engagement added valuable perspectives to the event, enriching the experience for the students.

The students displayed great enthusiasm throughout the program. Their keen interest and curiosity were evident as they actively engaged in discussions and asked questions about hummingbirds and their conservation. The documentary film proved to be both educational and entertaining, as it captured the students' attention and left them with a lasting impression.

The National Hummingbird Day Awareness Program organized by the Department of Zoology at D.P. Bhosale College was a resounding success. It effectively accomplished its goal of raising awareness about these remarkable birds and their importance in the ecosystem. Dr. Mrs. S. P. Nalawade and the departmental

faculty members deserve commendation for their dedication and effort in organizing this enlightening event. The students' positive response and active participation demonstrate the program's impact in fostering a deeper understanding of nature's wonders.

The program was planned and executed under the guidance of Dr. Mrs. S. P. Nalawade, Head of the Department of Zoology. The program aimed to educate students about the unique characteristics and importance of hummingbirds in the ecosystem. It also emphasized the need for their conservation in the face of environmental challenges.

As we celebrate National Hummingbird Day, it is essential to remember the critical role that each individual can play in the conservation of these magnificent creatures and the broader environment. This program served as a valuable step in that direction, inspiring both faculty and students to appreciate and protect the natural world.
