Health Care committee and Department of Microbiology

Notice

Date : 31/07/2024

This is to inform all B.Sc. students of D. P. Bhosale College that the **Healthcare Committee** and the Department of Microbiology are organizing a Guest Lecture on the topic "**Blood Group Analysis**" on **1st August 2024** in Microbiology laboratory. The lecture aims to explore the concepts of blood groups, their types, and the Rhesus factor, providing in-depth knowledge on the subject. All undergraduate students are encouraged to attend and take advantage of this informative session.

A handwritten signature in blue ink, appearing to read "Anand S", is written over a horizontal line.

Subject: Appreciation Letter.

Respected Madam,

We would like to express our sincere gratitude towards you. Your lecture on, “Blood Group Analysis”, showed the directions to students to select the best carrier option in Laboratory. The feedback received from the students was enthusiastic.

We look forward with same kind of cooperation from you in future also.

Thank you.

Guest Lecture on Blood Group Analysis

Report

On 1st August 2024, the Healthcare Committee in collaboration with the Department of Microbiology organized an insightful Guest Lecture for the undergraduate students of D. P. Bhosale College, Koregaon on the topic of "Blood Group Analysis." The aim of this activity was to explore and imbibe the concepts of blood groups, which are fundamental to various biological and medical applications.

The program commenced with the warm welcome of the guest, followed by the introduction of the theme of the lecture by Dr. S.P. Nalawade, Chairperson of the Healthcare Committee. The Lecture was delivered by Smt. Ubale S.K., from the Department of Medical Laboratory Technology (MLT), D. P. Bhosale College, who shared valuable insights on types of blood groups, the Rhesus factor, and the history of the discovery of blood groups. She elaborated on the different antigen-antibody reactions, which are integral to the process of identifying blood groups.

Smt. Ubale also provided an in-depth explanation of the steps involved in the identification of blood groups, focusing on the importance of both antigens and antibodies. Her lecture was both informative and engaging, helping the students understand the scientific basis of blood group analysis.

A total of 70 students attended the session and participated enthusiastically in the discussion. Their active involvement reflected the success of the lecture in sparking interest and deepening their understanding of the subject.

The event concluded with a vote of thanks by Mr. M.M. Jadhav, expressing gratitude to the guest speaker, all the attendees, and the members of the organizing committees for their support. The Healthcare Committee and the Department of Microbiology expressed their heartfelt thanks to everyone who directly or indirectly contributed to making this event a success.

The lecture proved to be a valuable learning experience, and the committee looks forward to organizing more such informative sessions for students in the future.

Inaugural speech by Dr. Mrs. S. P. Nalawade
