### **Department of Zoology**

#### **Visit to Arvind Gavali College of Pharmacy, Jaitapur**

Educational Visit Report Arvind Gavali College of Pharmacy, Jaitapur, Satara. As per the curriculum, Zoology department has organized a one day educational visit to Arvind Gavali College of Pharmacy, Jaitapur, Satara.

We started our educational visit from Koregaon at 9.00 am on Saturday, 12<sup>th</sup> March 2022. We reached there at 10.00 am. The faculty of Department of Anatomy had explained about the animal house, their management and different routes of drug administration in lab animals - rat and mice. There are different rooms for each experiment and caring of experimental animal.

There are different routes of drug as follows: 1) Oral dose 2) Intra peritoneal route 3) Sub cutaneous 4) Intramuscular 5) Intra dermal 6) Subplantar 7) Retro orbital After this session Godase madam explained us about Different blood collection methods used during experiments. These are as follows- Facial vein collection of blood, Retro orbital, Tail-vein method, Cardiac puncture and Tarsal vein and must follow all the instructions given by CPSCA – Committee which hold all the experimental permissions. Precautions we have to take in animal house

1. We have to separate previously and newly arrived animals.
2. Isolation of male and female - mice/rat.
3. We can store maximum 4 animals.
4. We should provide 24 hours electricity.

After this wonderful workshop we started our journey back toward Koregaon at 3.00 pm via private vehicle and reached Satara at 4.15pm in the college. In this

way we enjoyed our educational visit which gave us knowledge about the Experimental animals, animal house etc. I express deep sense of gratitude to Dr. S.P. Nalawade and Dr. K. J. Kamble. 26 students enthusiastically participated in study tour. We expressed sincere gratitude to faculties of Arvind Gavali College of Pharmacy, Jaitapur, Satara for giving us brief knowledge about Routes of drugs in laboratory animals, Blood collection techniques and animal house which is very helpful in our studies.
