Certificate Course
on
Prawn Farming

Organized by

Department of Zoology

Course Incharge

Ms. N. A. Shaikh

Course Duration: 01 Aug. 2023 – 06 Sept. 2023

Rayat Shikshan Sanstha's

D.P. Bhosale College, Koregaon

Department of Zoology

Year 2023-24

Certificate Course

on

Prawn Culture

Objectives of course

- To familiarize participants with the principles of freshwater prawn culture.
- To introduce the best practices for breeding and hatchery management.
- To provide hands-on training in pond preparation, stocking, and water quality management.
- To educate participants on prawn health management and disease prevention.
- To offer practical knowledge in harvesting, post-harvest processing, and marketing of freshwater prawns.

Learning Outcomes

After completing the course the student should be able to:

- Manage the Pearl Culture Farm.
- Prepare the proper different kinds.
- Properly handle and maintain the prawn culture.

Syllabus

Title - Certificate Course on Prawn Culture

Total Hrs – 30

B.Sc. I (Zoology)

Theory

Unit I: Introduction to Freshwater Prawn Culture

- Overview of freshwater prawns and their economic significance
- Lifecycle of freshwater prawns
- Selecting the right prawn species for cultivation

Unit II: Prawn Pond Preparation and Management

- Site selection and pond construction
- Water quality parameters and management
- Pond fertilization and productivity enhancement

Unit III: Prawn Seed Collection and Hatchery Management

- Broodstock selection and maintenance
- Spawning techniques and larval rearing
- Nursery management of prawn post-larvae

Unit IV: Prawn Feeds and Feeding Management

- Nutritional requirements of freshwater prawns
- Feed formulation and preparation
- Feeding strategies for optimum growth

Practical

- 1 : Prawn Health Management
- 2 : Prawn Stocking and Culture Practices
- 3: Water Quality Monitoring and Aeration
- 4: Prawn Harvesting and Post-Harvest Processing

Department of Zoology

Report

Certificate Course on Prawn Farming

The Department of Zoology at D. P. Bhosale College, Koregaon, conducted 30-days Certificate Course on Prawn Farming, which was conducted for B.Sc. I students from 1st August, 2023, to 6th September, 2023. The course aimed to provide students with comprehensive knowledge and practical skills in prawn farming, equipping them with the necessary tools to become successful entrepreneurs in the aquaculture industry.

Practical demonstration of prawn farming

The primary objective of the course was to introduce students to the principles and practices of prawn farming. This included an understanding of prawn species, their life cycles, and the environmental conditions required for successful farming.

During course students were trained in various techniques used in prawn culture, including pond construction, water quality management, and the proper handling of prawns. They learned about feeding strategies, disease control, and growth monitoring. The course also aimed to educate students about market analysis and the business aspects of prawn farming. This included the study of market trends, pricing, and the development of a business plan for prawn farming entrepreneurship.

The lectures and practical sessions were conducted by faculty members from the Department of Zoology.

The 30-day Certificate Course on Prawn Farming achieved the following outcomes:

Students gained a thorough understanding of prawn farming, from its theoretical foundations to practical applications. They now possess the knowledge required to make informed decisions in prawn farming. Practical experience allowed students to apply their knowledge in real-world situations. They learned pond management, feeding strategies, and disease control techniques, all of which are essential for successful prawn farming. The course instilled in students the importance of environmentally sustainable farming practices. They are now equipped to pursue prawn farming in an ecologically responsible manner.

Students developed the skills necessary for starting and managing a prawn farming business. They are proficient in market analysis, business planning, and budgeting for a prawn farm. Upon successful completion of the course, students were awarded a certificate, which serves as a valuable addition to their academic portfolios.

The 30-day Certificate Course on Prawn Farming at D. P. Bhosale College, Koregaon, was a resounding success. It provided students with a comprehensive understanding of prawn farming, practical skills, and the entrepreneurial knowledge required to embark on a successful career in the aquaculture industry. The Department of Zoology is committed to continuing its efforts to empower students with practical, industry-relevant skills.
